Ref. 66988.

OTTAWA, 29th Sept. 1928.

Sir -

N.H. 1 of Sec. 6 Tp. 57 Rge. 27 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1928, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

William A. Waage, Esq.,

The figure consists of ten small, vertically aligned line drawings. Each drawing represents a different stage of a larva's development. The sequence starts at the top with a single cell and progresses downwards through various intermediate forms, including elongated cells, segmented structures, and finally a more complex, segmented larval form at the bottom. The drawings are simple line art, focusing on the basic shape and structure of the organism at each stage.

Mr. Hume.

N.E. 15-1-23-W. 4th M.

Mr. Edgar Terry originally held a pre-emption entry for the above land and was permitted to relinquish it and secure a Soldier Grant entry. He applied for permission to substitute stock-raising for the performance of cultivation duties.

The Homestead Inspector's report now at hand sets out that twenty acres of this quarter-section is fit for cultivation. The report also sets out that the arable land had been ploughed previous to the date of the soldier entry. The Inspector closes his report with the following general remarks:

"On 9th June on inspecting
"N.E. 15-1-23-W. 4th M. and find this
"land is very rolling & rocky and not
"fit for agricultural purposes and this
"is a case where the substitution of
"stock should be allowed."

It would appear that Mr. Terry is entitled to credit for settlement duties completed under the stock regulations.

Kindly advise me whether you consider that Mr. Terry should be required to continue the cultivation of the arable land.

I beg to inform you of the receipt of a Homestead Inspector's report from which it would appear that the North East quarter of Section 15, Township 1, Range 23, East of the 4th Meridian, is not suitable for cultivation. Under the circumstances you are entitled to substitute stock raising for the performance of cultivation duties in compliance with the terms of your Soldier grant entry.

I enclose herewith a hand-book of the regulations and would call your special attention to the regulations governing a stock entry, which commences on page 21. It will be noted that the regulations governing a homestead entry are the same as the regulations governing a soldier grant entry. Re H.E. 15.1.23.4th Mer.

I am in receipt of an application for patent for the above land, the Soldier Grant entry of Edgar Terry. The statement regarding the residence reads as follows:

"On the North West Quarter of the above section, from June 1919 to the present date, with exception of working out occasionally as harness maker in the district and at Magrath."

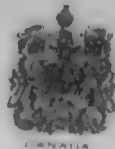

This is not satisfactory, as the actual date should be given. The fact that his family lived on the land does not count to his advantage in residence. When next in the neighborhood accept a fresh application, giving actual dates of residence.

S.S.B. File No. 3-1469

OTTAWA - 4th June, 1924.

THE HONOURABLE CHARLES STEWART,
Minister of the Interior,
O t t a w a .

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: Edgar Terry No. 652039
N.E. 4 15-1-23 W. 4th M. - S.G.

The above named settler secured advances from the Board for permanent improvements and stock and equipment totalling \$2000., the Board taking a charge upon his unpatented soldier grant above described. Owing to such charge, patent to the soldier grant cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Terry, requesting that patent to his soldier grant should be issued in favour of the Board. Mr. Terry states that he has completed all duties in connection with his soldier grant and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Secretary of the Department to the settler dated the 17th April last, copy of which is attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921 (P.C. 1821), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the N.E. 4 of 15-1-23 W. 4th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

John A. Baird

Mr. Home.

N.E. 15-1-23-W. 4th M.
Soldier Grant - Edgar Terry, #352039.
Entry granted - 21st August, 1919.

Application to have patent for this land
vested in the Soldier Settlement Board
under the Order-in-Council of the
4th June, 1921. (P.C.1821).

This entrant has obtained advances
on the security of the above land from the Soldier
Settlement Board.

Amount:-
Purpose:-

\$2000.00.
For stock, equipment and
permanent improvements.

He has applied for patent claiming
duties as shown on form #58A hereunder marked. Apparently
his duties have been completed in a satisfactory manner and
the application has been accepted, but in view of the
above mentioned loan he was advised that patent for this
land could not issue in his name until his indebtedness
to the Board was paid in full.

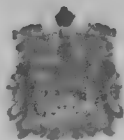

In a memorandum hereunder dated the
4th instant the Soldier Settlement Board reports the
receipt of an application from the entrant to have patent
for this land issued in favour of the Board, and it is
pointed out in this memorandum that this would enable the
entrant to negotiate a sale of the land. A Vesting Order
for the Minister's signature is attached.

It is suggested that the necessary
action be taken to have patent for this land issue in the
name of the Board.

MEMORANDUM RE MISSION CHURCH GRANTS.

1. The following fee and documents must be forwarded to the Department with the application for the grant, or promptly after its receipt here:-
 - (a) A patent fee of \$10.00.
 - (b) The sanction in writing, of the governing body in Canada of the Church making the application;
 - (c) A solemn declaration, made in the form prescribed by "The Canada Evidence Act, 1893," that the land applied for is solely required for and will only be used for the purposes of the Church on behalf of which the application is made;
2. The following conditions will govern all grants for church purposes.
 - (d) Possession of the lands applied for may be taken by the Church authorities when, but not before they have been notified that the Department has received the above mentioned fee and documents and that the land is available for the purposes of the grant.
 - (e) Letters patent will not be issued for the land until the Department is satisfied that a Church has been erected upon the land.
 - (f) Unless a church be erected upon the land applied for within one year from the date of the approval of the application, the right of the Church authorities to obtain a grant of such land may be cancelled, and the land may then be otherwise disposed of.
3. It will greatly facilitate action here if the applicants will forward with the fee and documents before mentioned the correct corporate name of the religious body to which they belong if it is incorporated, and state the Act of Incorporation; and will also state whether the land in question, if in the North West Territories, is to be held under the provisions of Chapter 38 of the Consolidated Ordinances of the Territories of 1893, or, if in Manitoba, under the provisions of Chapter 23 of the last Revised Statutes of that Province.

do solemnly declare:

That I made entry for the above mentioned lands at the Dominion Lands Office at
Innisfail on the *9th* day
 of *March* 1903, and I now ask to have said entry cancelled,
 and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)

- (1) The hills on this quarter are stony and the low land is covered with numerous small lakes, thus the land is not fit for farming. I now find that when I ^{looking} ~~looked~~ at the land I ~~was~~ had looked at the South half of this section and marked it for the North half.

"THIS IS THE LAST WILL AND TESTAMENT of me George Kidd Leeson of the city of Calgary, in the Province of Alberta, Gentleman.

I hereby revoke all former wills by me at any time heretofore made.

I hereby appoint my wife Annie Jane Leeson and William Murray Connacher of the said city of Calgary, Bank Manager, and John Kinny of the same place, Mail Clerk, to be the executrix and executors of this my will, hereinafter called "my executors".

I direct my executors to pay my just debts, funeral and testamentary expenses and the costs and expenses of administering my estate as soon as conveniently may be after my decease.

I direct my executors to erect a monument to my memory and have same placed at my grave at a cost not exceeding in all five hundred dollars (\$500.00).

I give and bequeath to my sister Sarah Leeson of Goodland, Manitoba, the sum of Five Hundred dollars (\$500.00) to be paid to her immediately after my decease.

I give and bequeath unto my son John Scott Leeson my watch, chain and all my personal jewellery, the same to be delivered to him when he attains the full age of twenty-one years and I direct that in the meantime the same be kept in the vault of the Calgary branch of the Bank of Nova Scotia.

I give and bequeath unto my wife all ^{of} my household furniture and furnishings and the ordinary contents of my dwelling house to be held and enjoyed by her to her own use absolutely.

I give, devise and bequeath all the rest residue and remainder of my property, real, personal and mixed and wheresoever the same may be unto my executors and the survivors and survivor of them to be held and enjoyed

by them upon and subject to the trusts hereinafter declared.

1. I direct my executors to pay to my wife Annie Jane Leeson the annual sum of eighteen hundred dollars (\$1800.00) in monthly instalments of one hundred and fifty dollars (\$150.00) each, the first of such payments to be made or to date from the date of my death and the other payments to be made at the expiration of each month succeeding the date of my death for the support of herself and my daughter Allean Leeson and my son John Scott Leeson until they both attain the full age of twenty five years or until they both marry, whichever event shall first happen, or in the event of the death of one of them before either of such events happens then until the survivor of them either marries or attains said age. When both my said children marry or reach the age of twenty five years whichever event shall first happen, or in the event of the death of one of them before marrying or attaining the said age then when the survivor either marries or attains said age, or upon the death of both of my said children before marrying or attaining said age the said annual sum is to be reduced to twelve hundred dollars (\$1200.00) payable in monthly instalments of one hundred dollars (\$100.00) each. The provision hereby made for my wife shall terminate upon her death or remarriage and if she re-marries before my said children or the survivor of them, marry or attain the full age of twenty five years my executors shall pay such sum not exceeding in all the annual sum of eighteen hundred dollars (\$1800.00) as in their discretion they may think necessary and proper for the support and maintenance of my said daughter and my said son, until they or each one of them as is then either unmarried or under the age of twenty five years marries or attains the said age.

2. I direct that my wife ^{my}₁ occupy the dwelling house now occupied by me as a residence so long as she lives and remains my widow or until such earlier date as a sale of the same is made by my executors as herein after provided for, such house to be a home for my daughter Allean whilst occupied by her mother until my said daughter marries or attains the age of twenty five years, and for my said son until he marries or attains said age. In the event of a sale of the property on which said house stands being made by ~~me~~^{my} executors I  direct them either to purchase a suitable residence for her or buy a parcel of land and erect thereon a suitable and comfortable house for her, or at her option rent for her a house of her selection, the total cost of the house so bought or of the said parcel of land so bought and of the house so built not to exceed seven thousand dollars and that the said house shall thereafter be occupied by my said wife and children upon the terms hereinbefore mentioned with respect to my present residence. My executors are to pay out of my estate the taxes and rates of every kind charged against the property so occupied by my wife and children as a home, all premiums of insurance in respect of the buildings upon the same and all costs of needed repairs and improvements in and to the same and the cost of the fuel needed for use therein, but no money is to be expended in the making of any such repairs and improvements without the previous sanction of my executors.

3. I direct that my executors may sell the property now occupied by me as a dwelling house and the lots used therewith the same being lots fifteen to twenty six both inclusive in block twenty nine in section fifteen in the said city of Calgary at a price not less than seventy five thousand dollars as soon as such price can be obtained therefor, but they may in their discretion hold the same for a larger price.

4. I direct my executors to sell the rest of my real estate which I own or in which I am interested at such time or times, for such price or prices and upon such terms as to them may seem best, giving to them the absolute discretion to withhold from sale all or any of my said real estate for such length of time as they may deem best without being thereby responsible for any subsequent depreciation in the value thereof. It is my opinion that the property on Eighth Avenue in said city of Calgary occupied by the Comer Hardware Company should not be sold for less than one hundred and twenty five thousand dollars (\$125,000.00) but this opinion is not to be binding upon my executors in the exercise of the discretion hereby re-posed in them. The provisions of this clause shall not apply to the property acquired by my executors as a residence for my ~~xxx~~ wife in lieu of my present residence so long as she is entitled under this will to occupy the same but shall apply to it after her death or marriage.

5. I direct that the building now commenced on said Eighth Avenue on the lots owned by me and John Linham be carried to completion and that my share of the cost thereof be paid out of my estate.

6. I direct that until the real estate which I own or in which I am interested (except my dwelling house and the lots used therewith) is sold my executors do lease the same to the best possible advantage.

7. I direct my executors to pay to my daughter Georgia Buchanan the quarterly sum of Three Hundred dollars for twenty years from the date of my decease if she so long lives, the first payment to be made on the first day of the month succeeding the month in which I die and the subsequent payments every three months thereafter. In the event of her death during said period of twenty

years leaving a child or children her surviving such quarterly payments shall thereafter be made for the balance of said period to the duly appointed guardian or guardians of said child or children so long during said period as said child or children or any one of them lives, in equal portions amongst them for their support and maintenance. Upon the death of my said daughter and her child or children within said period the said quarterly payments shall absolutely cease.

8. I direct my executors to pay to my daughter Allean Leeson the quarterly sum of two hundred and fifty dollars for twenty years from the date of her marriage or from the date of her attaining the full age of twenty five years whichever shall first happen, the first of such payments to be made on her wedding day or on the twenty fifth anniversary of her birth whichever shall first arrive, such payments to cease however, upon the death of my said daughter within said period unless she leaves a child or children her surviving in which event such payment shall during the remainder of said period be made to the lawful guardian of said child or children so long as such child or children or any of them live in equal portions amongst them for their support and maintenance, and shall then cease.

9. In the event of my executors being in funds at any time for that purpose they may place to the credit of separate accounts in the savings bank department of some chartered bank in the said city of Chicago the total amounts required to pay the quarterly payments hereinbefore provided for my said daughters or for one of them or the balance then remaining unpaid in respect thereof, in which event the interest earned upon the same shall be paid as it is earned to the daughter or daughters on whose account the same is so held or her or their respective child, or children so entitled thereto. All of such quarterly

payments and interest shall be payable at Calgary.

10. I direct my executors to keep on deposit in the Bank of Nova Scotia at Calgary all money received by them as such executors. I direct that my executors shall not make any investment of the funds of my estate but shall keep on deposit in the savings department of the Bank of Nova Scotia at Calgary at the rate of interest usually allowed therefor all money not required in connection with the payment of my debts, funeral and testamentary expenses and the costs of administering my estate and the payment of any other obligations or of the obligations imposed upon them hereunder, and that they shall not be liable to account for any higher rate of interest in respect of the same than the interest so earned.

11. I direct my executors to pay to my daughter Allean Leeson the sum of one thousand Dollars (\$1000.00) when the same is required to meet the expenses of any proposed marriage which she has agreed to enter into, and to pay to her the monthly sum of twenty five (\$25.00) per month from the date of my death until my executors commence to make to her the quarterly payments of two hundred and fifty dollars hereinbefore provided for.

12. I direct my executors to provide funds for the proper education of my said son in a business course and to supply him with such funds for his maintenance and support over and above the provisions hereinbefore made for him and for his traveling expenses until he attains the full age of twenty five years as they may deem fit. It is my wish that my said son should not adopt any profession but should adopt a business career of some kind to be approved of by my executors.

13. I direct my executors to extend the time for payment of the principal and interest of the mortgages

made to me by my nephews Thomas George Leeson and Thomas George Howe or either of them for such length of time as they see fit.

14. I direct my executors to pay and transfer to my son John Scott Leeson all of my estate, real, personal and mixed when may remain after satisfaction of all of the charges hereinbefore contained and after retaining such sums as may be required to meet all future claims hereunder and a sufficient sum to provide the income hereinbefore secured to my wife, when he attains the full age of twenty five years unless in the opinion of my executors he is not then capable of taking proper care of the same, in which event they may postpone the transfer of the whole or any portion of said residue to him for such further term as may in their opinion be necessary to qualify him for taking proper care of the same. I direct that my executors do transfer to my said son all the rest of my estate which shall thereafter come in to them when the purposes for which the same were formerly held or required are exhausted or cease to exist.

15. If my said son should die before attaining the full age of twenty five years the portions of my estate which would have passed to him hereunder if he had reached such age should be divided into three equal shares if my said wife and my said daughters then survive or if either of my said daughters is then dead leaving lawful issue xx her surviving and one of said shares shall be given to each of my said daughters or her lawful issue and the remaining share shall be kept at interest in the savings department of a chartered bank in Calgary and the interest thereon paid to my said wife so long as she lives and remains my widow and upon her death or re-marriage the said share shall be divided equally between my said daughters if then alive or their issue or if one of my

said daughters is then dead leaving no lawful issue the same shall be paid to the survivor of them. If one of my said daughters is dead at the death of my said son before reaching the age of twenty five years leaving no issue her surviving the share which she or her issue would have received under this provision shall go to the surviving daughter or her lawful issue. If my said wife is dead at the death of my said son before attaining said age or has then re-married such residue shall be equally divided between my daughters if then living or their issue or if one only survives and the other has left no issue her surviving such residue shall go to such survivor. If my said son dies in the life of my wife before he reaches the age of twenty five years and my two daughters die before him leaving no lawful issue surviving at the date of my son's death all of said residue shall pass to my wife for her own absolute use.

16. I direct that my executors do pay out of my estate all succession duty payable in respect thereof so that the specific legacies hereinbefore given and the provisions made for my wife and my daughters shall be free and clear of and from the same.

17. I empower my executors to concur with John Lineham my co-owner of the premises now occupied by the Bank of Nova Scotia in the city of Calgary, or with his executors, administrators and assigns, in extending the building now occupied by the said bank for the purpose of increasing the accommodation therein upon fair and proper terms with the said bank and my said co-owner with respect to the cost thereof and the increased rental to be paid therefor, and to pay out of my estate all such sums of money as may be properly

chargeable in respect thereof.

NOTICE

James. F. Skidmore. Esq.
Winnifred. Alta.

Notice is hereby given that the H. R. Section 22 Township 13

Range 9 West of the 4th Meridian, is now available for settlement and will be reserved for PRE-EMPTION ENTRY by one of the homesteaders living on adjoining lands, provided such homesteader is entitled to this privilege, for a period of fifteen days from the date of this notice, that is to say, until the closing of the Land Office on the

27th day of October 1915 on the following conditions:

- (1) If the homesteader who has the prior right applies for entry for the land so reserved before the close of office hours on the 15th day hereafter, he will be granted pre-emption entry provided his application is regular in other respects.
- (2) A homesteader whose right to a pre-emption entry for this quarter-section is second, third, or fourth in order of priority, will not be given entry before the close of office hours on the 15th day from the date of this notice. If the homesteader having priority of right does not apply in person for entry before the close of office hours on such 15th day, the claimant next in order of priority, who is present in person at that time, shall be accepted, provided his application is regular in other respects, and he shall be given an entry receipt either then or on the opening of the office on the day following in priority of any other business.
- (3) If an application for pre-emption entry for this land is not made in person by one of the homesteaders entitled to the entry as above provided, the land will then be posted in the ordinary way for a period of ten days and then disposed of to the first eligible applicant.

W. C. Skidmore

Sub-Agent or Postmaster at Bowell. Alberta.

PRIORITY OF APPLICANTS FOR PRE-EMPTION.

- (a) In deciding the question of priority of right between two applicants for the same pre-emption the rule provided by subsection 6 of section 27 of the Dominion Lands Act must be followed. That is to say, priority of date of entry receipt or of date of squatting before survey gives priority of right to pre-emption. For the purposes hereof the date of squatting before survey stands in the place of date of homestead receipt. If two entry receipts are dated on the same day, the one first entered in the books has the priority.
- (b) It is to be noted that priority of pre-emption right by reason of priority of homestead receipt does not apply unless the entry is in good standing.
- (c) For the purpose of this regulation, a homestead entry which has stood for not more than six months shall be considered to be in good standing.
- (d) A homestead entry which has stood for a period exceeding six months shall also be considered to be in good standing if the entrant has been in bona fide residence within six months before the date upon which his right is questioned, and is otherwise complying with the provisions of the Act.
- (e) An entry under protection is not to be considered as being in good standing for the purpose of establishing priority as against another applicant for pre-emption who is in good standing, unless the homesteader proves that he is in actual residence.
- (f) In case the homestead entry of an applicant for a pre-emption entry is subject to an application for cancellation, the question of right of such homesteader shall be subject to decision of the Agent on the best evidence available. If sufficient evidence is not available to warrant a decision he may withhold entry and refer to Head Office, and the reservation will be continued until the decision of Head Office is received, and the position of the other applicant or applicants, will be maintained in the meantime.
- (g) The question of the good standing of a homesteader applying for pre-emption entry is not to be raised, except in case of conflicting application for pre-emption by another homesteader or by a squatter before survey or by an applicant for homestead entry, either free or purchased, or by an applicant for cancellation.

The Department of the Interior,
Ottawa, Ontario.

Dear Sirs,-

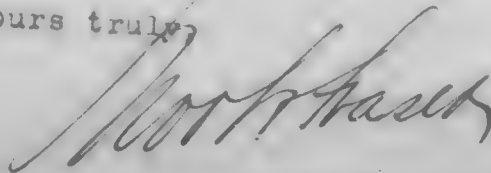

Re N.E. of Sec. 2-13-9-4M- Skidmore

Mr. Skidmore was advised by the Land Office here that a homestead entry had been made for the above land or the South East quarter of the same section and that the remaining quarter had been entered for preemption. The Agent, here however, would not advise Mr. Skidmore of the name of the entrant. Now Mr. Skidmore resides on the North West quarter of section 2, a large portion of which is on the flat next to the river and part of which is on a side hill and bank about 315 feet above the level of the flat. The only safe means of ingress to and egress from the flat available for vehicular traffic is along a coulee which traverses, through a portion of its course, the North East quarter of the section. There is between the Easterly side of this coulee and the westerly and southerly boundary of the North East quarter of this section an area of about ten acres. Mr. Skidmore

has about forty acres broken on the North West quarter with improvements to the value of about \$800. The East half of this section is inferior land and in a favourable year such as the present it would not provide a living for a homesteader; in fact all that it would provide under ordinary circumstances would be a small amount of pasture. ~~Now~~ in as much as the coulee on the North East quarter provides Mr. Skidmore with the only entrance to his property he desires to purchase a right-of-way across the same, or he would purchase all the land between his quarter and the coulee mentioned; or should the present entrant not be desirous of completing his duties or should he abandon the entry, Mr. Skidmore will be prepared to preempt the North East quarter in order that he would have an accessible right-of-way to the flat.

We should be pleased to have your Department take this up with the entrant with a view to arranging a right-of-way for Mr. Skidmore, or upon information from your Department as to the entrant for this quarter Mr. Skidmore might take the matter up with him personally. We enclose drawing which will assist in ascertaining the situation. We would appreciate an early reply and at the same time would you kindly advise if the East half of Section 3-13-9-4M is available for leasing purposes and upon what terms.

Yours truly,

S/H.

Gentlemen,

Re H.P. of Sec. 2-13-9 W.4th M., Skidmore.

I beg to acknowledge the receipt of your letter of the 10th of August last, Ref. 2235, in this connection, and to express regret that through an oversight it has only today been brought to my notice.

With reference to the above quarter section I beg to say that as the entry for the same has recently been cancelled it would seem that Mr. Skidmore may make pre-emption entry therefor, provided he is eligible, and the land is available when he makes application for same to the Agent of Dominion Lands at Medicine Hat.

The question of roads is a matter of provincial jurisdiction and one concerning which this Department cannot advise you.

With reference to the East half of section 3 in this township, I beg to say that the South East quarter is held under homestead entry and is therefore not available for sale. A separate communication will be sent to you with regard to the leasing of the North East quarter.

If you do not pay for the land in full or apply for a Certificate of Recommendation within six months from the date on which you applied for patent, your entry will ~~not~~ be in good standing and before the case can be dealt with you will require to furnish evidence showing additional residence and cultivation.

According to the records here the amount due to complete payments is as follows:-

1st instalment \$160.00 and interest on same at 5% from the 25-10-18 to the date of payment.

Re: N.E. 1/4 12-43-27-W. 4th Mer.

This land is registered in the name of J. S. McCullough. An Abstract shows that the title is subject to a Seed Grain Lien that was filed in 1915. Mr. McCullough, who was an Old Age Pensioner, died a short time ago. An effort is being made to clear the title.

Will you kindly advise me by return what is the least amount that your office can accept in satisfaction of the lien. I enclose sufficient postage to let me have your reply by airmail.

Yours truly,

Dear Sir:

Re: St. Pierre Lafranchise

I have your letter of the 17th of June, 1936, relative to our inquiry as to the age of the above-named.

In reply, I wish to inform you that our records disclose that one St. Pierre Lafranchise, son of John Lafranchise and Marguerite Carey applied for Walfreedom Scrip at Medicine Hat, Alberta, on the 21st of July, 1900, and in his sworn statement of the same date stated that he was born at White Mud River, near Cypress Hills "eighteen years ago last June," which would give the year of his birth as 1912.

I may add that Walfreedom Scrip for 340 acres of land was issued in his name on the 21st of July, 1900.

Yours very truly,

J. S. D.

OTTAWA.

28th July, 1928.

Sir,-

N.W. 1/4 Sec. 28 Tp. 57 Rge. 25 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Joseph Lemire, Esq.,

It was on these terms that the company applied for the Charlesworth ballast pit. Some time in the summer of 1906 we understand the Department wrote valuing the land at \$3.00 an acre but stating that the Department was considering whether the C.P.R. should not get a free grant of the land. Apparently nothing further was done and we are now instructed to renew the applications and to ask that the company may be given a free grant of the lands applied for. We note that in your recent letter you remind us that all applications for ballast pits are now dealt with under the regulations for the lease of lands containing gravel, but we submit that such a disposition of the present case would be eminently unfair considering that the applications were made under totally different conditions. We submit that the company is entitled to a free grant of these lands as suggested in the letter of the Department to which we refer, which we understand was written in the summer of 1906. If, however, any price is to be paid we submit that it should be the \$3.00 referred to in that letter but \$1.00, that

RE BALLAST PIT WEST OF MEDICINE HAT.
YOUR FILE 794003.

We are in receipt of your letter of the 15th inst. in reply to ours of the 7th inst. We do not know that our letter was as clear as it should have been. As we understand, there were two portions of land applied for by the late Mr. Drinkwater in connection with this ballast pit, one the portion shown as a ballast pit on the Company's "as constructed" plan No. 20162, dated 12th May, 1897, made by G. A. Payne, D.L.S., and the other some additional land shown on a plan dated 14th September, 1905, signed by Mr. Charlesworth, D.L.S. This latter was forwarded to the Department by Mr. Drinkwater, we think with his letter, referred to by you, of 25th October, 1905.

On the 3rd March, 1905, the Company was notified that the price of ballast pit lands should be \$1.00 per acre, and

Since writing you in this matter on the 30th ult. an old file of the late Mr. Drinkwater not previously accessible has been found and examined, and from it we find that the whole of the south half of 2-13-6 West 4th was specifically applied for by Mr. Drinkwater on the 2nd of February, 1899. This application was renewed by Mr. Nixon who filed a list showing this land as required for ballast pit purposes on the 12th of July, 1902. Subsequently, namely, on the 3rd of March, 1905, the Secretary of the Department notified the Company that the Department had decided that the price for ballast pit lands should be \$1.00 per acre. A voucher based on this price for ballast pits was prepared by the Company as far back as 13th December, 1897, but was not put through as Mr. Drinkwater and Judge

MEMORANDUM:--

Re: 1st of C.P.R. Company for ballast
at the line Nat.

I beg to submit for your consideration
and discuss the letter from Messrs. Smart, Scott, MacLaren
a valley of the 10th ultimo. They claim that the Company
should be allowed, for the reasons stated therein, to purchase
the E. 1/2 of Section 17, range 6, west 11th Meridian,
land its front of 1/2 mile crossing the road, covering an area
of 102.71 acres at the rate of \$1.00 an acre.

The full particulars of the case are set
forth in Mr. Smart's statement of the 11th ultimo, attached
to this file.

It is my opinion that the position which is referred
to in the Company's previous communication - should not be
considered as the land for the road - should not be
referred, and the matter to be decided for the 1st of
the Company should be allowed to acquire the whole of the
E. 1/2 of the said section, less the right of way and road
acrossed, at the rate of \$1.00 an acre, or, if - neither
the acquisition should be confined to the area which was
indicated by Mr. Smart - 102.71 acres, which the
Company has asked for at the time the acquisition was
made, but that the whole of the section should be
acquired, less the right of way and road, at the rate of \$1.00 an acre, with
under the provisions of the Act, and land applied for
under the provisions of the Act.

Very, Sir, Yr. Obedt. Servt.,
Deputy Minister of the Interior.

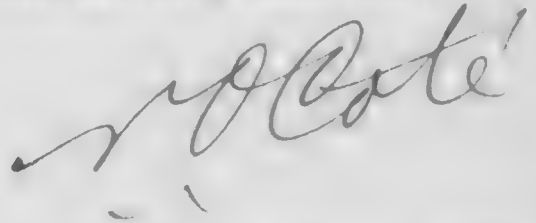

leased to the Company.

As to this latter course, the Company's Solicitors, in their letter of the 30th December last stated "We would again urge that the land should be granted free to the Company, or failing this, should be sold at \$1.00 an acre the price then prevailing. Under no circumstances we submit should the Company either be asked to pay present prices or be forced to accept merely a lease under the present regulations but the application should now be dealt with as though it had been dealt with at the time it was made."

Mr. Scott has asked me, if possible, that he be notified when the matter is referred to you as he would like to be given an opportunity of being heard in this case before a decision is arrived at. I have not, however, advised him of the action now being taken, as I think this request would have to be considered by yourself.

The sketch attached shows the position of the land referred to.

Respectfully submitted,

Chief of Branch.

YOUR FILE 794003.

We desire to supplement our letter of September 18th herein to which you have not as yet replied by stating that according to the Company's records an application was made for this ballast pit by Mr. Nixon as far back as 1890, and though the Company has not a copy of this application, it would appear to have included the whole south half of 2-13-6 West 4th, and what we have already urged should therefore apply to the whole of the south half.

In further reference to the negotiations which in August 1906 were taking place between the late Mr. Drinkwater and the Department as to the Company's obtaining a free grant of this ballast pit, we understand that in view of this application Mr. Drinkwater was asked at that time

Memorandum:

H.C. Cote, Esq., I.R.O.,

Chief of Branch.

Re Ballast Pit west of Medicine Hat.

This is the old question which has been brought up time and again by the Canadian Pacific Railway Company in respect of grants for ballast pits.

As I understand the matter, there was a verbal agreement made by this Department with the late Mr. Thomas Nixon, at the time acting for the Railway Company in respect of these matters, to the effect that ballast pits could be sold to the Company at the rate of \$1.00 per acre.

Sometime later a decision of the Department was reached by which ballast pits were to be sold to the Company at a valuation placed thereon by the Homestead Inspector.

A more recent decision was reached whereby these ballast pits could only be leased under the regulations providing for the lease of gravel, etc.

In respect of this present application the facts

are:-

The first application was for the whole of the south-half of section 2, on the basis of \$1.00 per acre. This application was held up for some years waiting information from the Company giving a full list of all the ballast pits required west of Fort William.

The list was received but apparently did not cover any land at this particular point, and on the 25th October, 1905, the late Mr. Irinkwater applied for a ballast pit at this point and furnished a plan of the land required. This plan did not cover the whole of the south-half of this section.

A Homestead Inspector's report and valuation was called for in respect of this latter parcel, and the valuation placed thereon by the Inspector was \$3.00 per acre.

On the 28th June, 1906, the Company were informed of this valuation and asked to remit a cheque for \$710.22 to cover the area to be granted to them.

In reply Mr. Irinkwater again refers back to the old decisions and claims that a free grant should be made, or at least that they should not pay more than \$1.00 per acre.

This was submitted to the Deputy Minister, who ruled that the previous decision as to selling under Homestead Inspector's valuation must stand.

The Company were only informed of this.

This particular application ~~then~~^{was} dropped out of sight, but the whole matter re ~~tal~~^{was} ~~tal~~^{again} revived with the result that the decision was reached that they must be leased under the provisions for the leasing of gravel.

The matter of this particular application was again drawn to the attention of the Department by the Company on the 7th September last, and they again bring forward their previous reasons for a free grant, or at least a sale at the rate of \$1.00 per acre, and in addition they ask that the grant should be for the whole of the south-half of section 2, township 13, range 6, west of the 4th meridian, and not only the portion mentioned in the Departmental letter of the 28th June, 1906.

The present contention of the Company in respect of this tallost pit is as follows:-

" We would again urge that the land should be granted free to the Company, or failing this, should be sold at \$1.00 per acre, the price then prevailing. Under no circumstances we submit should the Company either be asked to pay present prices

prices or be forced to accept merely a lease under present regulations but the application should now be dealt with as though it had been dealt with at the time it was made."

The land is vacant in our records with the exception of the right of way which has been patented.

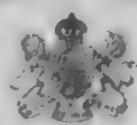

In view of the Company's contention, I suppose the matter should again be submitted for final decision.

Sir,

Replying to your letter of the 7th ultimo, Ref. 9965, I am directed to say that patent cannot be issued at present to the Canadian Pacific Railway Company for the land required for a Ballast Pit in the S. 1/2 section 2, township 13, range 6 West Fourth Meridian, as the Department is awaiting a report in the matter, but it is remarked that the land which the Company requires at this point and for which it has made application does not cover as much area as the land comprised in the Order in Council of the 5th December, 1885, setting apart this half section as a Ballast Pit, and further that the plan of the roadway on file in this office under number 10701 shows that it is only partially affected by the land required. The Department has, therefore, made a note of the reservation required for the roadway across this land and when the patent is issued to the Railway Company, the portion occupied by the road will be reserved if possible, and you will be notified of the action taken.

Sir,

Referring to your letter of April 24th/05, in which you state that the South 1/4 of Section 1, Tp. 16--6--West 4th with the exception of a strip of land of the Canadian Pacific Railway Co. and a strip of land in Council No. 1, owned by the Railway Company, I have to say that I have no objection to your having a road laid out in the land of the C. P. R. existing and land. The matter as it affects this Department is as follows:

A road has been laid out and approved by the Government of the North West Territories, and the same is shown on the map of the District of Edmonton. It is now proposed to lay out a road in addition to the one already laid out; and the Company do not seem willing to grant the road as it would be a loss to them. The matter is now before the Board of Commissioners of the District of Edmonton, and it is their duty to decide upon it. The Board will meet on the 24th of March next, and it is probable that the matter will be decided by that time.

Yours faithfully,

Deputy Commissioner,

RE BALLAST PIT WEST OF
MEDICINE HAT.

Sir:-

We are advised by the Canadian Pacific Railway Company that an application was made to your Department for certain land situated in the South $\frac{1}{4}$ of 2-13-6 West 8th. containing altogether an area of 240 acres. The "as constructed" plan of the Canadian Pacific Railway Company passes through this section but does not affect the North $\frac{1}{4}$ of the South East $\frac{1}{4}$ of Section 2 which is the part required by the Company for ballast pit purposes.

Unfortunately the Company have no copy of the application made to your Department as all the documents dealing with the same were in the possession of the late Mr. Brinkwater and cannot now be located. Correspondence took place with your Department in connection with the above application and there is a Memo at the head office of the Company of letters having been forwarded on December 13th,

In the matter of the South East quarter of Section
Sixteen (16) in Township Twenty-six (26) in Range
Twenty (20) West of the Fourth Meridian in the pro-

I, Thomas

Lawson of Gleichen in the Province of Alberta.

RECEIVED.

farmer, do solemnly declare:-

1. In the month of June 1901 I came to Gleichen to take up a homestead and found a quarter section suitable, being the South East quarter of section 8 Township 26, Range 20 West of the Fourth Meridian in the Province of Alberta and at once began erection of my buildings.

2. At the time I selected the above land for a homestead I could find no marks or stakes from which I could find out the particular land on which I had settled but in August 1901 Homestead Inspector Burleigh visited my land and he found the stakes and informed me that I was on a Quarter Section reserved by the Government for watering purposes and that I could not locate on it as a homestead. The land was subsequently put up for sale and was purchased by me from the Government at \$3.00 per acre. I then selected the South East Quarter of Section Sixteen, Township Twenty Six in Range Twenty, West of the Fourth Meridian as a homestead. I could not find the stakes for this last Quarter Section until June 1902 and as soon as I discovered them and found out what Quarter Section I was on I made application for entry for the land but was informed that it was reserved for the Canadian Pacific Railway Company for irrigation purposes.

3. I have made the following improvements. In June 1901 after I selected the South East Quarter of Section Two in Township Twenty Six, Range Twenty, West of the fourth Meridian I began to improve the said land and commenced the erection of my dwelling house 28 X 32 feet containing five rooms, the walls being built of logs, sealed inside, and porch 10 X 12 with lumber walls and shingle roof, said house being completed in 1902 and being of the value of \$200. A cattle shed 30 feet square with lumber walls, and roof of poles and hay, of the value of \$400. A cow stable to accommodate 8 head of cattle, walls of logs, and roof composed of poles and sods, value \$50.00. Horse stable to accommodate 8 horses. Lumber

Log, shingle roof, value \$200. Well house or Dairy building, 12 feet square, built of logs with roof of poles and sods, value \$20.00. Two acres of ground broken and cultivated for garden and twenty acres of land broken and cultivated for green feed for horses, value of above breaking \$60.00. Fence consisting of three strands of wire around a garden plot, and cultivated land and pasture for milk cows \$200. Log stable for stallion, value \$50.00. Log implement shed with sod roof \$200.00. New house built of lumber with shingle roof, value \$50.00. All of above improvements were made on the said South East Quarter of Section Two in township twenty six, Range twenty, West of the Fourth Meridian and were completed by July 1902 with the exception of the last three buildings.

4. I built a house on the South East Quarter of Section Sixteen in Township Twenty Six, Range Twenty, West of the Fourth Meridian, composed of Lumber with shingle roof worth \$80. in the summer of 1901 and commenced my residence duties on that Quarter Section at that time and it was after I had so commenced my duties and improved the land that I was informed that it was reserved for the Canadian Pacific Railway Company.

5. I resided on the South East Quarter of Section Sixteen, Township Twenty Six in Range Twenty West of the Fourth Meridian from August 1901 and during the years 1902, 1903 and 1904 after which time I went back to my house on the South East Quarter of Section Two, Township Twenty Six in Range Twenty, West of the Fourth Meridian, in which I have since lived. I have over three hundred head of cattle and twenty horses.

6. Having entered on the land as a bona fide homesteader and improved it as above stated I now desire to have my entry for it confirmed and the Patent issued to me.

Declared before me at Gleichen

29th day of February A.D.

Dear Sir:

I have your letter of recent date relative to your enquiry as to your acre.

Your letter refers to the S.E. 34-50-4 T. 5th Meridian. Did you obtain a patent for this land from the Federal or the Provincial Governments? If so please inform us as to the date.

Our records disclose that an entry was made by one Henry Menkel for the S.E. 27-50-4 T. 5th Meridian. Probably this is the land to which you refer. Did you receive a patent for this land? If such is the case and you obtained a grant from the Provincial Government they would have a record of your acre. You are advised to write to Mr. V. A. Wood, Director of Lands, Department of Lands and Forests, Edmonton, Alberta, giving him the approximate date of the patent.

We do, however, have a record of Henry Menkel who, in his sworn statement dated the 1st of February, 1928, in support of his application for Letters Patent for the S.E. 34-50-5 T. 5th Meridian, gave his age as 42 years. He was naturalized on the 23rd of May, 1927, and;

As being of very moderate means, I had to go out & work in order to buy building material & money for living. Also to buy tools & most necessary implements, to start. Being sick with tuberculosis I was advised by Dr. Hewiston of Pincher Creek to come to my mother and follow a treatment. In April 1906 feeling better I went back but on June 24/1906 I had to leave again on account of my inability to stand work, being very weak and unable to take care of myself alone.
